SHOWJUMPING RULES FOR TWO PHASE COMPETITIONS.

The competition is run over two phases (sections) – the first phase is the equivalent of the first round and the second phase is the jump off against the clock. Both phases are jumped without interruption, the finish line of the first phase is the start line of the second phase and the first fence in the second phase follows on from the last fence in the first phase.

If you have any faults in the first phase the bell will be rung after you have jumped the final fence in this phase and you will then leave the arena. If you jump clear in the first phase you will immediately start the second phase against the clock.

The result of the competition will be based on the faults and time in the second phase.

TROPHY RULES

Points will be awarded for classes 1-4, 6 points for 1st place, down to 1 point for 6th place. You may take points from two classes at each show, but must specify when entering, which classes you wish to be considered for points, if competing in more than two. If you do not specify, points will automatically be allocated for the first two classes entered once points have been gained for this trophy, the same combination will not be eligible for The Tango Trophy (Novice Evening Jumping).

You must take part in at least two shows in order to be considered for the trophy.
